BOTSWANA

Day 1-5 | Johannesburg/Cape Town - Kasane, Botswana

Kasane, located in the northeastern corner of Botswana, lies near the borders of Namibia, Zambia, and Zimbabwe. It serves as the gateway to Chobe National Park, renowned for its large herds of elephants that gather along the Chobe River during the dry season. The Caracal Biodiversity Center provides sanctuary for rescued wildlife, while the Chobe Crocodile Farm is situated nearby. To the east of Kasane, the Kazungula Ferry crosses the Zambezi River, linking Botswana to Zambia.

ACCOMMODATION | *Linyanti Ebony Camp*

Linyanti, located between the Okavango Delta and Chobe National Park, features a diverse ecosystem sustained by a permanent river. Along the Linyanti Marsh, the area's only dry-season water source, lies the intimate Linyanti Ebony Camp. This safari camp offers an authentic wildlife experience with just four luxury tents (including a family tent), each featuring ensuite bathrooms and stunning wilderness views.

ZIMBABWE
