Golf at Hermanus

Arabella Golf Club, 60 miles east of Cape Town by the Bot River Lagoon and Kogelberg Mountains, was designed by Peter Matkovich and opened in 1999. Set on rocky farmland, the course was created to coexist with nature.

With easy access from George Airport and close proximity to many of the Garden Route's top attractions, Fancourt is an ideal choice for any visitor to the region.

Golf at Fancourt Links Course

Once an airfield, The Links at Fancourt is now South Africa's No. 2 ranked course, designed to resemble traditional British Isles links with towering sand dunes and pot bunkers. While it may feel like a Scottish links, the beautiful South African weather and mountain views make it a unique and unforgettable golfing experience.

Golf at Fancourt Montague Course

Ranked 7th in South Africa, Montague offers a stiff challenge with firm fast greens, undulating fairways and well-placed water hazards. The course is renowned for its high standard of conditioning which further enhances its reputation as South Africa's finest parkland course.

ST FRANCIS BAY
